

Patiobolt for doors

The world's favourite lock

Yale[®]

The Patiobolt is a secure deadlocking bolt for use with timber, aluminium and uPVC hinged, sliding or bi-fold doors.

Features

- 9.5mm heavy gauge bolt providing good security
- Deadlocking bolt for top security
- Reversible bolt allows cylinder to be located on the left or the right of the lock body to suit the application
- Bolt can be engaged with or without locking cylinder
- Bolt remains in the body when disengaged
- Concealed fixing for security and style
- Easy to install
- Supplied with two ferrules to enable safe venting with the Patiobolt remaining in a bolted position

Options

- The base model can be enhanced to suit a variety of specialised applications by use of one of the bolt options available :
 - The standard bolt length is 155.5mm
 - The standard bolt thrown length is 50mm and the unthrown length is 9.5mm
- Available in range of colours to complement any door design and finish
